Burling Consultants, LLC

Mark Burling, CPA

Burling Consultants LLC is a CPA firm that provides outstanding service to our clients because of our dedication to professionalism, responsiveness and quality. We believe education is a key component of all the services we provide. We are not trying to make our clients into accountants or tax professionals, but work to help them better understand what the accounting and tax impact every day decisions have. The more clients understand, the better they can identify those situations in which professional advice should be sought.

We provide accounting and tax services for private individuals and businesses in the small to medium market segments. Our firm is focused on meeting the needs of our clients in today's highly mobile environment. We currently have clients that are located throughout the United States as well as internationally as far away as Europe and New Zealand.

Linh Chau, CPA
Robert Winsler
Armentrout, Chau & Associates

Linh Chau, CPA

Robert Winsler

Armentrout, Chau & Associates, PLLC is a CPA firm specializing in business clients and the unique needs of their successful owners. The principals have "walked the walk", having begun their careers outside of public accounting.

Originally from Boston, Linh Chau prepared for his career with a BA in Economics, MBA, and Masters in Accounting. He has worked in financial services, operations and manufacturing, including the lead accounting executive in the sale of that business. Linh purchased this 40-year old CPA firm from its retiring owner two years ago and now focuses his education and experience helping businesses and owners with accounting, audit, and tax needs.

Rob Winsler is an entrepreneur who brings real world experience, including owning/managing a construction subcontractor, two stints in manufacturing, and now a service business. As Senior Advisor, Rob's 30+ years of hands-on experience on the front lines of industry provide him an invaluable perspective for business clients and their owners.

We have "been there", and we're here now for your business accounting needs.
